Strong Rally Wipes Out Noon Losses

NEW YORK (UPI)—Stocks closed in record high territory for the seventh consecutive session.

The list came back with a burst of strength late in the day after showing a decline of nearly 3 points in the industrial average at noon.

Tickers ran late as the market closed.

The industrial average closed at 591.34 up 1.17 in the preliminary calculation. Railroad issues came back to their previous close of 161.86 and utilities set a new high since 1930 at 91.38 up 0.05. The average for the 65 stocks in these averages set a new high at 205.34 up 0.26 points.

American Telephone closed at 231 up 2½ points and a new high since 1930. This more than offset a loss of 2 points in Du Pont.

Gains of more than a point appeared in International Paper, Johns-Manville, and Woolworth, and smaller advances were set by a long list of others.

Norfolk & Western with a gain of 2 points almost single-handedly brought the rails back to their previous close. The utilities had several strong spots including Pacific Gas up more than a point and Houston Lighting which gained a point.

Golds Only Losers

TORONTO (CP)—A rally in the closing minutes enabled the stock market to pull out a narrow gain in moderate trading.

Golds were the only losers, down one point on index, as profit-taking continued to cut into their gains of the past week. Industrials and western oils each lost around one point on index in early trading but recovered.

Final volume of 3,525,000 shares was considerably lower than Monday's 4,497,000. Volumes suffered as not one speculative hit the 100,000 mark.

Among industrials refining oils and foods had the best gains with banks showing the most losers. Trans Mountain Pipe Line was up ⅛ at 13⅝ on 17,272 shares. It was the most active industrial.

Western oils swept ahead for the sixth straight session. Calgary and Edmonton had the best win, rising 1¾ at 31¾. Dome Pete and Hudson's Bay each gained ½.

London Stock Prices

LONDON (Reuters) — Gilt-edged securities claimed most of the limelight on the London stock market and under the impetus of a strong investment demand prices showed a further good improvement.

Dollar stocks were irregular. South African gold shares made a satisfactory showing with a number of Free State isssues recording good improvements. Copper shares were uncertain and other base metal shares trended lower.
